# 1<sup>st</sup> enetCollect Webinar series

November – December 2020

EnetCollect is launching its first Webinar series with invited presentations on specific subjects, and prototypes as well as new projects, new communities or institutions. Join us and spread the word!

## 03/11, 3-4pm CET

- Lionel Nicolas, “Crowdsourcing Romanian synonyms from L1 learners”
- Alain Couillaud, “LegiCrowd Onto – Building an ontology of Online Legal Documents for annotation, machine learning, DataViz, Citizen empowerment, schema.org extension.... And more”

## 19/11, 10-11am CET

- Federico Sangati, “ReWord Game: reshaping Plagio into a Web app”
- Caoimhín Ó Dónaill, “Creating and sharing multimedia language learning materials with CLILSTORE”

## 17/12, 3-4pm CET

- Magali Paquot, “Crowdsourcing Language Assessment project (CLAP) ): An attempt at enriching learner corpora with crowdsourced L2 proficiency assessment”
- Alessandra Giglio, “Online Language Learning: Some Experiences and Further Reflections”
