[WG3 meeting]	
8:30-12:00	Introduction by Branislav Bedi <ul style="list-style-type: none"> - Benny Bornfield (invited talk), "Contribution motivation mechanisms in collaborative content services" - Branislav Bedi, "User Choices"
10:00-10:30 Coffee break	
<ul style="list-style-type: none"> - Katarina Zourou (Branislav Bedi in substitution), "Review of state-of-the-art" - Adriana Nagyova, "Potential users" - Rina Zviel-Girshin, "Issues of a personalized and gamified user interface" - Nina Gorovaia-Zeniou, "Question of sustainability" Discussion and closing	
12:00-13:30 Lunch break (University cafeteria)	
[WG4 meeting]	
13:30-15:30	Introduction by Toma Tasovac <ul style="list-style-type: none"> - SciFabric, "Introduction to PYBOSSA" - Adrian Iftene, "Using UML to model a software project" - Nikolaos Tsourakis and Emmanuel Rayner (remote presentation), "Hosting spoken CALL content in the CALLector project" - Alexander König, "Containerization and why you should care"
15:30-16:00 Coffee break	
[WG5 meeting]	
16:00-17:00	Introduction by Karën Fort and Katerina Zdravkova <ul style="list-style-type: none"> - Karën Fort and Branislav Bedi, "Identifying ethical hot spots in a platform combining crowdsourcing and language learning" - Katerina Zdravkova, "Ethical issues of crowdsourcing in education"
17:00-17:15 Refreshments - Coffee break	
17:15-19:45	Guided walking tour leaving from the University to the Palas zone of Iași through the historic part of the city.

Location: 'Hall of the Lost Footsteps'

MCIF poster session for candidate-host matching

&

Grand Bazaar

* see next page for the listing of posters

Poster session – listing of participants

Hall of the Lost Footsteps

MCIF posters for candidate-host matching

- Rodrigo Agerri, “Crowdsourcing for the Development of Dialogue Systems”
- Branislav Bédi, “User Personalisation”
- Andre Freitas, “Explainable Machine Translation applied to Language Learning”
- Lionel Nicolas and Verena Lyding, “Implicit Crowdwourcing of lexical information through Language Learning exercise generation”
- Ildiko Pilan, “Second language acquisition modeling based on crowdsourced learner data”
- Irene Russo, “MuVAnBA Multilingual Video Annotation of Basic Actions”
- Katerina Zourou, “Studying Communication and Social Participation in a CALL Crowdsourcing Network”

Grand Bazaar posters for introducing projects and institutions

- Anabela Barreiro, “Language Learning with eSPERTo Paraphrasing System”
- Maria-Teresa Martín-Valdivia and L.Alfonso Ureña-López, “SINAI Human Language Technologies”
- Costanza Navarretta, “Multimodality, cognition and language learning”

EnetCollect Cost Action (CA16105)

[Friday, 16th March 2018]

Mihai Eminescu Aula

9:00-10:30	[Management Committee meeting]
10:30-11:00	Coffee break
11:00-11:30	[Closing discussion on all WG meetings]
11:30-13:00	[Dissemination, Exploitation and Outreach meetings]
13:00-14.30	Lunch break (catering, in-situ) (13:45-14:15 Tour: Hall of Lost Steps, Aula and Library of the Polytechnic Institute)
14:30-15:30	[MCIF training for proposal writing] By Claudia Borg
15:30-16:00	Coffee break
16:00-17:00	[MCIF training for proposal writing] By Claudia Borg
